Noah Ntambwe

Looking for an internship — 8 to 10 weeks from 17 April 2027

WEB DEVELOPMENT · DATABASES · SYSTEMS & NETWORKS

PROFILE

2nd-year Computer Science student (BUT Informatique) at IUT de Lens, ranked 3rd in my first-year class. Passionate about software development and systems, I am looking for an 8 to 10-week internship starting 17 April 2027.

PROJECTS

Diamant Meubles June 2026

Freelance developer — client project

Showcase website with an online catalogue, built and delivered to a real client: product pages (carousel, zoom), flash sales, secured seller dashboard to manage the catalogue, Supabase database and authentication, deployed on Netlify.

- JavaScript
- Tailwind CSS
- Supabase
- Netlify

Care-Slot May 2026

Developer — international mobility (Antwerp Busit Week)

Built in Belgium within a multicultural team, with English as the only working language. Hospital appointment booking app designed to be accessible to everyone, including elderly users: simplified flow, specialty and campus selection, preparation instructions.

- React
- Vite
- Professional English
- International team

Pop Out January 2026

Project lead & Developer

Showcase website for a fictional company: market research, requirements modelling, flexbox/grid, brand guidelines compliance, responsive design and W3C standards.

- HTML
- CSS
- Responsive design

Other projects

Grade manager (Java, Nov. 2025) — data entry, average computation, saving · Medical practice manager (Java, team project, 2026) — patients, practitioners, appointments · Pac-Man (JavaFX, June 2026) — MVC architecture

EXPERIENCE

Sales assistant — Bershka 2025 — present

Student job, permanent contract — mainly stockroom associate (stock management and replenishment)

Participant — Antwerp Busit Week May 2026

International mobility, Care-Slot project

Interior renovation work 2022

Painting & fitting out

EDUCATION

BUT Informatique (Bachelor in Computer Science) 2025 — 2028 (ongoing)

IUT de Lens (Artois University)

Engineering school — Computer Science & Industrial Engineering 2024 — 2025

Centrale Lille · IG2I, Lens — 1st year

French High School Diploma (Baccalauréat Général) 2023 — 2024

Lycée Henri Darras, Liévin — majors: Mathematics & Computer Science (NSI)
